Pack Saddle Community Garden

Enjoy the freshest possible produce from our own garden!

The Scheme was set up in late 2018 with the objective of involving local people producing the freshest possible salad, fruit and vegetable crops - literally next door to the pub. In 2019 we laid out the groundwork, set up an irrigation system, built a polytunnel and generally experimented with the paddock which had not seen productive use for the best part of a century! 2020 is our first year of 'organised gardening', our aim being to offer the freshest, local, seasonal food. It's about 100 yards from the paddock gate to the kitchen door!
